The amount of life that is swimming in the waterway just behind your home will amaze you. Our systems provide countless hours of fascinating entertainment for your family and guests.

Professional Quality Proven Technology

We have been building lights for years. Through testing and continuous improvements we have developed the highest quality, most effective underwater lighting systems on the market today. These lights are manufactured from only top of the line, UL Approved components, and are proven to perform beautifully for years. We not only famously guarantee the fish, but also that you will be thrilled with the quality of our light systems.

These systems have not only been tested around the world by professional, commercial, and recreational fishermen, but have also stood the test of time with waterfront home homeowners. Our lights have a reputation for providing years of trouble-free service, even when subjected to harsh marine environments.

Our lights are used in University Studies, and by Research Organizations to attract aquatic life for educational and scientific purposes. These same systems are the preferred favorite of professional fishermen, fishing guides, and commercial fishing operations.

Our reputation with the marine community of quality and integrity was earned by years of customer feedback and industry leading service and support. When professionals in any field need a top quality underwater lighting system, they call FishLight.com

Our Guarantee

It's not just the fish that are guaranteed. It's the quality of the products we manufacture and our high level of customer service that mean we stand behind our lights 100%. We guarantee that you will be impressed with the build quality, beauty and effectiveness of our lights, or we will gladly issue you a full refund. When you combine these incredible guarantees with our full warranty protection and reputation you know that you can order with confidence.

Our industry-leading limited three-year warranty covers all manufacturer's defects. We are not responsible for damaged or misused items. Please see our website for more information.
